

HQS for HCV

October 7, 2014, Park Inn by Radisson, Indiana, PA

This one-day seminar focuses on inspection requirements for the Housing Choice Voucher program. The training is designed for new inspectors and HCVP staff and provides an update for experienced inspectors.

Participants will gain an understanding of HUD requirements for conducting inspections of properties to be leased under the program. They will also learn requirements and options for scheduling inspections and re-inspections, PIC reporting of HQS inspections and the impact of HQS on SEMAP. Proper procedures for quality control, enforcement monitoring and communication with landlords and tenants will be discussed.

The seminar is being led by The Nelrod Company trainer, Derek B. Antoine, who brings more than 18 years' experience in maintenance and management, including more than eight years in housing agency management. In addition to training for Nelrod in public housing and Section 8 operations, Mr. Antoine is currently Executive Director of Knox County Housing Authority (Galesburg, IL), a High Performer agency. He also provides training at the annual Nelrod Consortium Conferences, each one attended by staff from over 110 public housing agencies.
